Superintendent.**

**Rev. P. C. McCrae B.A. Minister.**

#### ANNOUNCEMENT

**Mr. and Mrs. S. Willis wish to  
announce the marriage of their  
daughter Isabel J. to Mr. A. C.  
Hepworth, of Red Deer, Alta.**

#### SHIVEREE PARTY

**The reception accorded the Rev.  
P. C. McCrae and his newly wedded  
bride, reported in our last issue ap-  
peared to be only the forerunner of  
a much greater expression of enthu-  
siasm accorded later in the day.**

**At about 11 p.m. the bugle call was  
heard to sound outside the  
"Mans" and as if from nowhere  
about 50 "docters" all with an  
instrument of some kind from the  
cornet to the piano, were started in  
to render forth in a most solemn  
manner a new version of "Old  
Bill's" wedding march. Although  
the disc wheel did not rhyme with  
the plow-share, nor the hinge with  
the bottom of an old aluminum pot,  
everybody thought and agreed that  
the music was excellent. The Mans  
was stormed and entered from all  
sides to find the bride looking with  
wondering eyes for tips from her  
more experienced sister. The ery  
then went up for "Mao" and al-  
most immediately one could see  
"Mao" unperturbed, sailing into  
the air from the depths of a blanket,  
for the search party had found  
its prey. After several trips in the  
air the crowd found himself once  
again supporting his wife and the  
couple settled down to enjoy the  
songs, monologues and speeches,  
(the latter of which by the way,  
were not without thrills.)**

**After a delightful repast served  
by the bride and her aides, the  
party sang "Auld Lang Syne," and  
wishing the union the greatest of  
happiness, wended their way home,  
wondering if their thoughts were  
right about the next Shiveree.**

**Norman D. Dingle,  
Barrister & Solicitor,  
Bank of Montreal Bl'd., Calgary.**

**Phone M 7275.**

**Will be at Crossfield every Thursday  
from 9 to 1 p.m.  
Or by appointment.**

# RED ROSE COFFEE

"is good coffee"

## Wheat

With the hours of daylight growing longer and the rays of the sun becoming stronger the farmers of Western Canada will within a few weeks engage in their annual task of ploughing, harrowing, seeding. Of all the manifold industries in which Canadians engage this is by far the most important. It is the foundation work on which all other work, all other enterprises, and the very life and prosperity of the Dominion depends.

Furthermore, aside from its importance, it is easily the largest annual undertaking in Canada, and is only comparable to that undertaking for which it is a preparation, namely, the harvesting, threshing and marketing of the resultant crop. Harvest time sometimes brings disappointment, but seed time is a time of hope, anticipation, expectation. The story of the Western Canada looks like a romance, although some individual farmers who have sustained several reverses may be rather inclined to look upon it as a tragedy. But it is only when the vision is restricted to a glance over a single year, or a few years, that the tragic features are seen. When the whole perspective is studied the romance and promise outweigh the disappointments and tragic aspects.

The statement is made in a recent issue of the Winnipeg Tribune that in 1916 Manitoba made its first shipment of wheat to the East—less than a thousand bushels. It was all that could be spared and it was needed in Ontario for seed. Less than fifty years later Western Canada occupied the proud position of the greatest wheat exporting country in the world, sending three hundred millions of bushels to foreign markets.

Even as recently as twenty years ago Western Canada was only exporting 16,000,000 bushels—merely drop in the bucket of the world's requirements. Today the size of the Western Canada wheat crop is a matter of concern in many countries, and especially so in Britain where it practically fixes the price of bread.

The wheat crop of Western Canada has become the barometer of business throughout the Dominion. A bountiful crop in the West means the placing of orders by the railways for rolling stock and other equipment and the extension of branch lines; it means activity in Eastern factories in the manufacture of larger quantities of goods of all kinds; it means the construction of more interior and terminal elevators, a larger demand for lumber, increased employment for artisans and laborers. A reduction in the wheat acreage and crop means a curtailment in all our national activities.

It should be an inspiration to Western farmers as they prepare their implements and machinery for the approaching seed time to vision the results of the labor. What an incentive and encouragement to realize that as individuals tens of thousands of them are supplying more wheat to feed the world than the whole of Western Canada produced less than fifty years ago! What a feeling of satisfaction should come from the knowledge that they have built up, and now command, with a combined capacity of nearly 700,000,000 bushels, a new found in Canada. The great terminals at the head of the Lakes, at Montreal, and now so rapidly expanding on the Pacific coast are the work of the prairie farmers.

And the epic of Western wheat includes the story of flour. The little grit mills of thirty and forty years ago have given place to the great milling industry of today, with the result that a year ago Canada exported flour to one hundred different countries, and the Dominion is rapidly forcing to the front as the greatest flour exporting country in the world. Again the work of the prairie farmer.

As the Western Canada farmer follows his plough and seeder this Spring he will be justified not only in his pride in past achievements, but in contemplating what, from all present indications, will be a brighter and more prosperous future. Prevailing prices for wheat are good, there is a world's wheat shortage to be made up, countries like Japan and China are steadily increasing their consumption of wheat, the United States is raising smaller and smaller quantities for export. Stop, too, the talk of a world wheat glut. The oil exists to maintain a market for the wheat of the West, according to world markets.

Temporary disappointments and set-backs there may be, but the history of the past and the promise of the future, may well provide encouragement for the Western farmer as he sows his seed, and give him confidence that by following good farming methods, exercising careful management, and putting real energy into his work, he will this year find his efforts crowned with success and abundant reward for his labor.

## Find Missing French Plane

Find While Attacking German Plane In September, 1916

The remains of a German airplane and the skeleton of its pilot have been found in the forest of St. Pierre Vaast near the French battle plane which was discovered by a squad of artillerymen early in January. The French plane, in the debris of which there were two soldiers, had been scattered belonging to the 16th escadrille. Two machines of that unit collided while attacking a German plane, September 24, 1916, and fell into the woods.

## Aids Japanese University

Rockefeller, Jr., Gives \$1,600,000 to Restore Library at Tokio

John D. Rockefeller, Jr., has given \$1,600,000 to restore the library of the Imperial University at Tokio. The gift, made in December, brought the total of his donations to art and educational institutions for the past three years to more than \$8,000,000.

The gift to Tokio is the largest of Rockefellers' single contributions.

And was accompanied by a letter expressing sympathy for destruction of \$60,000 valuable volumes during the earthquake and fire of 1923. The amount, four million yen, making it possible for the officials of the university to restock the library after it is rebuilt, was given unconditionally.

## Loss From Strikes

Canada's time loss through strikes and lockouts in December was less than in November, 1924, or December, 1923. Department of labor reports show that there were 1,000 strikes with 1,845 working days lost in two disputes, while in the previous December there were 13 disputes involving 2,446 employees and 28,693 days lost.

No British Dreadnought was sunk by torpedo in the Great War, and only one was seriously damaged by a mine.

Minard's Liniment for the Grippe

W. N. U. 1561

## Market Flooded With Foreign Products

British Products Undersold By Foreign Manufactured Goods

Great Britain is at present importing foreign manufactured goods at the rate of twenty-four million pounds per month. There is still great unemployment in Great Britain. Millions of pounds worth of these imported manufacturers are commodities that compete directly with English factories. The home market is being flooded with foreign products. French cloth is underselling British cloth in England; Italian boots and leather articles are appearing in London, and Italian printed cottons threaten to drive Lancashire prints from the market unless something is done to reduce the price or otherwise protect the English industries from foreign competition.—Toronto Telegram.

## Heavy Loss On Great Lakes

Fifteen Vessels and 37 Lives Lost During 1924 Season

Life and property loss on the Great Lakes in 1924 was greatest for a number of years, and, according to reports, underwriters will have some red ink figures when they clean up for the season.

During the season fifteen vessels passed out of existence, and thirty-nine lives were lost on boats that were wrecked.

The fifteen vessels that were wrecked in 1924 had a trip capacity of 36,300 tons and figuring twenty trips for each boat, they could move 726,000 tons of freight in a season. In 1923 the fifteen ships that were lost had a trip capacity of 27,450 tons or 549,000 tons for a season.

## Swollen Joints, Quickly Limbered Up

## Rub On Nervilene

You would be surprised at the wonderful action of "Nervilene" in just a few applications. Rubbing it on the sunburned skin of a child, it penetrates quickly, and down it sinks into the tissues, carrying its healing, soothsaying action wherever it goes. For stopping a toothache, for a stiff joint, Nervilene is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful salve. The secret of Nervilene's success proves the merit of Nervilene, which is sold everywhere in large 35 cent bottles.

For eight hundred years after its first discovery the secret of making paper was known only to the Chinese.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

## Scholarships For School Boys

Youthful Screen Star Offers Free Tuition to Students

Ten four-year scholarships for high school boys have been provided by Wesley Barry, youthful screen star, who has made an initial gift of \$10,000 to Northwestern University. The scholarships will be awarded to boys of good character in the United States who show the best records for grit, as disclosed by savings bank deposits and whose classroom grades are exceptionally high. They will be available, starting next September, and will be continued for ten years. Each scholarship will provide free tuition for four years.

## Growth Of Rotary

Organization Is Extending Its Scope To Europe

With more than 200 Rotary Clubs established in Europe, Chasley Perry, of Chicago, international secretary of the world Rotary organization, "has sailed from New York to open an office of the Rotary secretariat in Zurich, Switzerland, for the administration of European Rotary clubs. Rotary officials say that their organization now has more than 2,000 clubs in 28 nations, and a total membership of 105,000 members.

Corns cause much suffering, but Holloway's Corn Remover offers a speedy, sure and satisfactory relief.

One-sixth of the postal department business of London is conducted by women.

For Every Ill—Minard's Liniment

## Union Bank Completes Successful Year In Strong Liquid Position

The Annual Report and Financial Statement of the Union Bank of Canada for the year ending Nov. 29th, 1924, was presented to the shareholders at the Annual General Meeting, at the Head Office, on Tuesday, January 13th, 1925. The Directors' Report was made by Mr. M. Bull, Vice-President, in the absence of Mr. W. R. Allan, the President.

Last year's Directors were re-elected, and the officers for the ensuing year are Mr. W. R. Allan, President, Mr. G. H. Thomson, Mr. Stephen Haas, and Mr. M. Bull, Vice-Presidents.

The President's address, read by Mr. Bull, voiced confidence in the future of Western Canada and of the Union Bank. The General Manager, Mr. J. W. Hamilton, in that part of his address concerning the Financial Statement, pointed out some very strong features, such as:

Total Assets ..... \$120,575,115

Reserve and Undivided Profits ..... \$ 2,069,434

Liquid (or quickly convertible) Assets equivalent to 52.22 per cent. of the Bank's total Liabilities to the Public—a very high ratio ..... \$ 57,628,100

Deposits, amounting to ..... \$ 92,275,016 of which a gratifying proportion, \$68,987,204 is in Savings Accounts

Investments, represented by Dominion and Provincial Government Securities, Canadian Municipal Securities, British, Foreign and Colonial Securities, Railway and other Bonds, Debentures and Stocks ..... \$ 26,735,987

A copy of the complete report may be obtained from any Branch of the Bank.

## Union Bank of Canada

### To Tap Peace River

#### Tentative Plans For New Line To Open Up New Country

The new railway line which is to tap the Peace River, according to the conviction expressed by Premier John Oliver, of British Columbia, is to begin about sixty miles east of Brule Lake, at a place called Obed, on the Canadian National main line.

It will follow the Athabasca River northward for 35 miles and then follow the Peace River, which joins the Athabasca, to the east until it reaches Sturgeon Lake, 10 miles east of Grand Prairie. One branch will then run eastward to Sturgeon Lake and another northward to a point where the Peace River crosses the Edmonton, Dunvegan and British Columbia railway.

The premier stated that he could not be positive that the C.N.R. had come to an absolute decision on this point, but he quoted an interview with Sir Henry Thornton as his authority.

Make the best you can of the worst you get.

"A widow should be satisfied with a consolation prize in the matrimonial lottery."

### A DANGEROUS SEASON FOR THE LITTLE ONES

Winter—with its extreme changes of temperature—one day warm and bright, the next cold and stormy, is a dangerous season to the health of little ones. The mother should attend to the health of her children, and the father should take the children out for the fresh air and exercise they need so much. When children are confined up in overheated houses, they are liable to grippe, and in consequence many of them are seized with colds or grippe. What is needed to keep the little ones well is BAYER TABLETS. They are sure regulator of the stomach and bowels and in this way drive out constipation and indigestion and break up colds or grippe. BAYER TABLETS should be added in getting over the winter season with perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

You never grow old. Patience is a virtue, provided you can't laziness.

For Headache  
**BAYER**  
**ASPIRIN**

Proved safe by millions and prescribed by physicians for

## HOCKEY

## Crossfield Lose To Albertans

The local hockey team stepped out to their first game of the season when they met the Albertans of Calgary, Saturday afternoon last, losing in an overtime game by a score of 5 to 4. It was a fast and interesting game from start to finish and if the Crossfield boys had had more practice previously, we venture to say the score would have been in their favor. The score at the end of the first period was 1-0 in favor of the Albertans, the second period was heavily in favor of the local as Conrad tied the score in short order. Souter then slipped one past McCool, Stevens scoring in succession, and in the dying moments of the period Smart put one into the net, making the score 4-2.

The third period was exciting with a tendency to rough play, the newspaper aggregation fighting hard to score, subbing every few strides. Foulds scored for the visitors, followed soon after by a tally from Hare, thus tying the score at 4-4. Five minutes each way was decided on, the first goal to clinch the game, this was made by Hood unassisted in seven minutes. The game was skillfully handled by L. Bliss who gave entire satisfaction to all concerned.

Lineups:  
Crossfield—  
Goal, McCool; defence, Robertson and Smart; forwards, Stevens, Layton, and Conrad; subs. Kline, Borbridge and Woodward.

Albertans—  
Goal, Friend; defence, Hare and Hood; forwards, Souter, Gerlit and Foulds; subs. Munroe, Johnson and Adams.

## LOCAL AND GENERAL

Mr. A. Jessiman was a Calgary visitor on Wednesday of this week.

FOUND on the trail between R. T. Amer's and C. Wright's place, a pair of Spectacles. Owner can have same on proving ownership and paying for this ad're.

Apply, "The Chronicle."

## DIED

Mrs. Jeanie Kidd, wife of John Kidd, of Kersey, died at the family residence, on Friday morning, January 30th, 1925. The funeral took place at Crossfield, on Monday, February 2nd. Rev. P. C. McCrae officiated at the Service in the Union Church and at the graveside.

## STOP, LOOK, LISTEN

BIG NOVELTY DANCE and WHIST DRIVE, will be held in the new building soon to be occupied by Mr. Wm. Laut, under the auspices of the Women's Institute.

FRIDAY, FEBRUARY 6th, Straight Whist will be played for those who enjoy cards. All kinds of fun for the dance.

Come one, come all and help to make this Institute Dance a real success.

Proceeds to buy new books for the library.

WANTED: Two Fresh Milk Cows. Apply, Mr. F. Purvis, Phone 59, Crossfield, Alta.

FOR SALE: One Six-hole Cook Stove, complete with warming closet and reservoir.

Apply, A. Jessiman, Crossfield.

## GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

## Application for Beer License

Public Notice is hereby given that the undersigned intends applying to the Alberta Liquor Control Board for a license to sell beer by the glass or open bottle, for consumption in conformity with the provisions of The Government Liquor Control Act of Alberta, and the Regulations made thereunder, with respect to the following premises:

Hotel premises to be erected on Lots 5 and 6, Block 2, Plan 4504 I, on Rail Avenue, in the Village of Crossfield,

Dated at Crossfield, Alberta, this 8th day of January, 1925.

H. E. WRAY, Applicant.  
Sec. 32 (2)

## NOTICE

In the Estate of Daniel Webster, late of Crossfield, in the Province of Alberta, Farmer, Deced.

Notice is hereby given that all persons having claims upon the estate of the above named Daniel Webster, who died on the 19th day of December, A.D. 1924, are required to file with the undersigned by the 28th day of February, A.D. 1925, a full statement duly verified of their claims and of any securities held by them, and that after that date the executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been filed or which have been brought to their knowledge.

DATED this 29th day of December, A.D. 1924.

J. J. PETRIE,

## Where They Play Golf All the Year Round

In the Empress Hotel Gardens. At the top, inset, a view of the Malibat drive. Below, one of the many Public golf courses for which Victoria is famous and at the right a photograph of the Parliament Buildings through the columns.

Famed for a mild, equable climate, a scenic setting equaled to the choicest English beauty spots, a resemblance which has led to the appellation of "A Little Bit of Old England," and the up-to-dateness of a modern western city has combined to make Victoria, the Evergreen City, one of the principal tourist cities of the North Pacific coast throughout the entire year.

Victoria, which with its suburbs has a population of 60,000, is also the capital of British Columbia, the legislative buildings forming an attractive picture for the new arrival disembarking in the larger harbor. The city lies on a plateau 1,500 feet above sea level, and is practically in the same latitude as Montreal, Toronto, Winnipeg and other eastern cities, yet because of the warm Japan current that fringes British Columbia's coast, Victoria enjoys the year round a climate unsurpassed in the world. The temperature with an average of 55 degrees and in summer 61°. Coupled with this is an average yearly rainfall of only 27.46 inches, less than half the average precipitation on the adjacent mainland.

With this salubrious climate outdoor sports are possible the entire year, five or six golf courses being available in and around the city.

For the motorist, not only Victoria but the entire Vancouver Island provides drives of varying lengths into a territory that has been named "Mountain Miles of Wonderland." Greatest of all these is the Mount Arrowsmith, 7,000 feet high, and rising to a mere 1,350 feet above the sea level, affording a view of sea and mountains unequalled.

In and around Victoria are sufficient tourist attractions to keep the visitor busy for many days. These include the Buntzen summer gardens, transformed within the last decade into a picture gallery of flowers, shrubs, lawns, roses, waterfalls and lake; the astronomical observatory with the second largest telescope in the world, and 1,600

acres of beautiful parks featuring Beacon Hill Park virtually in the heart of the city.

In summer more than a hundred shady beaches and romantic little bays dotted along seventy miles of water frontage lure the holiday-maker. Some face the Straits of Juan de Fuca and open to the sweep of the Pacific Ocean tides, while others are almost landlocked, with clear, untroubled water.

Travelling to Victoria from the mainland is one of the joys of a holiday spent in the capital city. An 82-mile trip through landlocked, sheltered waters past offshore islands and the mainland from Vancouver to Victoria on the railroads of the Canadian Pacific Railway is afforded to Victoria from Vancouver and Seattle direct, while a further steamer to Nanaimo affords an optional route. Rail connection is made between Nanaimo and Victoria.

As a further development of Victoria as a winter resort, The Crystal Gardens, an elaborate amusement center, is being erected near the Empress Hotel. It will be opened for Victoria Day Celebration next May. A steel and concrete structure with 35,000 square feet of glazed roof and floor space, the Crystal Gardens will be a great attraction to the tourists. It will be a huge salt water swimming pool, the largest on the Pacific Coast.

Nearby the Empress Hotel overlooks the inner harbour. Located in spacious grounds, beautiful lawns, roses, holly trees and other shrubs and flowers. This deservedly popular hotelery has been a temporary home to thousands of tourists.

To the tourist from the inland cities especially, Victoria affords a splendid opportunity to view the ever-interesting scenes of an ocean port. Practically all in-bound and out-bound Pacific liners make Victoria a port of call on their way to Vancouver and Seattle. In this way, the Victoria visitor is brought closely in touch with the movements of shipping to and from Australia and the Orient.

## PAYMENT TO CANADA UNDER THE DAWES PLAN

Ottawa.—Canada will receive five thousand pounds sterling per year less from the annuities payable under the Dawes plan as a result of the agreement signed at the inter-allied financial conference, which provides for the United States being paid 2½ per cent of the payment. It was stated in official circles here.

Generally speaking, the belief is expressed that the whole question has been dealt with very satisfactorily, insofar as Canada is concerned. When the matter was investigated personally by an official of the Dominion Government in November last, the position of Canada did not appear to be at all clear. In the first place, the amount paid for the benefit of the British Empire was very difficult to estimate, on account of the cost of the armies of occupation and the priorities of Belgium and Italy. Furthermore, it was not settled whether the amount received by the Canadian Legion, under the German Reparations Recovery Act, would be taken into consideration, and payments made to Canada. This was also applied to delivery in kind.

Canada receives 435 per cent. of all money received on behalf of the British Empire, whether paid under the German Recovery Act by delivery in kind, or by direct payment of cash reparations from what is known as the transfer commission at Berlin.

### Loses Life In Storm

**Girl Mountain Climber at Denver Overstays By Blizzard**

Denver, Colo.—An effort to scale the east face of Long's Peak in unfavorable weather, a previously unaccomplished feat, cost the life of Miss Agnes Vale, secretary of the Denver Chamber of Commerce, intrepid mountain climber, and daughter of F. C. Vale, retired Denver millionaire.

Herbert Sartland, member of a searching party, was lost in seeking Miss Vale, and other parties plowing through snow drifts in the face of a raging blizzard and temperature of 50 degrees below zero in search for him had but little hope of finding him alive.

### Many Die In Earthquake

**Four Villages Destroyed and 140 People Killed in Caucasus**

London.—Four villages have been destroyed, and 140 people killed, in an earthquake at Ardahan, in Trans-Mali from Constantinople.

The dispatch adds that 5,000 persons are homeless, while the temperature and homelessness with the temperature 22 degrees, Fahrenheit, below zero. Earth shocks are continuing intermittently.

### Furthering Empire Commerce

Ottawa.—Improved methods of marketing products from all parts of the Empire in Great Britain, is expected to be the basis of deliberations by the Imperial economic committee, to be reconstituted shortly. Canada is expected to receive particular benefit in trade expansion from the proposal.

**Australia's Population 6,000,000**  
Melbourne.—The Australian population is now approximately six million, and is increasing at the rate of 2 per cent. annually. The largest city is Sydney with a population of 1,600,000.

## Quickly Relieves Constipation

Don't let constipation poison your blood and curtail your energy.

If your liver and bowels don't work properly, Carter's Little Liver Pills may help you.

Don't let trouble with your bowels trouble you.

For diarrhea, lack of appetite, headache and nervous skin trouble, Carter's Little Liver Pills are purely valuable.

Small Pill—Small Dose—Small Price

W. N. U. 1569

## Propose Larger Annuity For Dr. Chas. Saunders

Ottawa.—John Miller, M.P. for Qu'Appelle, will propose a resolution this session to provide an annuity of \$4,000 to Dr. Charles Saunders, discoverer of Marquis wheat. Mr. Miller considers the \$1,200 upon which Dr. Saunders was retired to be "utterly inadequate" considering the millions that have been made out of the product of his research.

### Grade Wheat for Milling Value

**Suggest That Saskatchewan Government Establish Laboratory**

Saskatoon, Sask.—A resolution requesting the provincial department of agriculture to investigate the feasibility of establishing a laboratory to assist and establish a system whereby wheat might be graded according to its milling value was passed here by the Saskatchewan Field Husbandry Association.

"If we cannot continue to produce seed on a scale satisfactory to ourselves we will have to dissociate ourselves from the Canadian Seed Growers' Association and run our own business in our own way," declared Prof. Manley Champlin, secretary, addressing the meeting. Prof. Champlin warned the association that a movement was on foot to limit the acreage sown in each province for elite production. "In five acres, the productive resolution, he said, would be brought before the C.S.G.A. when it meets in Edmonton during the coming summer.

### Natives Of India May Cause Trouble

**Greatly Angered Over Export of Monkey Salt**

London.—The native extremist party of India have started a campaign against the wholesale exportation of monkeys, which has reached remarkable dimensions in recent months, according to the Daily Telegraph's Calcutta correspondent, who predicts that this propaganda will arouse angry feeling among the Hindus, millions of whom worship monkeys.

The editorial warns the government that unless it forbids this "devilish trade" it will have a terrible responsibility when the consequences of the popular indignation become manifest.

### Famine Report Exaggerated

**Adequate Relief Measures Have Been Taken in Korea**

Tokio.—Seoul, Korea, reports that have been circulated to the effect that 3,000,000 persons have been famine stricken are greatly exaggerated, according to information from government officials.

While admitting the existence of famine conditions in Korea, due to the failure of the rice crop, government officials are inclined to minimize reports of suffering. Adequate relief measures have been taken, it was said.

### Parasites Affect Livestock

Saskatoon.—"The extent and variety of parasites injurious to livestock as demonstrated in the researches carried on at the new laboratory devoted to the investigation of animal diseases was another proof of the value of the research work carried on at the university to the agricultural industry of the province." It was found that the extent of which these parasites were affecting young livestock was much greater than previously realized.

### Must Not Eat Raw Oysters

Chicago.—Eating raw oysters in Chicago, therefore, will be punishable by a fine of \$25. Corporation Counsel Busch has ruled. Health Commissioner Blundson announced he was starting to post warning signs.

The state health department has forbidden the eating of raw oysters because of typhoid fever cases which have been traced to eating the bivalves.

### Cattle Diseases Spread

Malmö, Sweden.—The epidemic of hoof and mouth disease in Skane, South Sweden, has already caused the slaughtering of 10,000 head of cattle, involving losses of nearly \$2,000,000. A number of Sweden's most valuable prize-breeding animals have become victims of the disease, and all export of live cattle is prohibited.

### Britain's Well-Loved Actress

Ellen Terry, who became a Dame of the Order of the British Empire, at the New Year's distribution of honors.

### Coolness May Result From Soviet Policy

**Tension Between French and Russian Governments Is Reported**

Paris.—That there is some tension between France and the Russian Soviet Government, was indicated by Premier Herriot, when he told reporters that "If the Soviets continue to carry out a Soviet policy in France, a coolness might result." M. Herriot said that the instructions carried to Moscow by Jean Herbette, the new French ambassador to Russia, contained this information to the Soviet Government. The tension arises mainly from a speech made by M. Zolotoff, president of the Third International, dictating to the French Government, the policy it should follow.

### Share-selling Sharks

**Protection Sought For People of Saskatchewan Against Worthless Companies**

Toronto.—Protection is being sought for the people of Saskatchewan against share-selling sharks employed by worthless Dominion companies engaged in the sale of shares.

The Saskatchewan legislature unanimously endorsed a resolution authorizing the Provincial Government, in co-operation with other Provincial Governments, to continue to urge upon the Dominion Government the necessity for asking the Parliament of Canada to pass legislation giving the provinces power to control and regulate within their own borders the sale of shares of all companies.

### Begins To Regret Treaty

**Australia Thinks Arrangement With Canada Too One-sided**

Melbourne, Australia.—Although the reciprocal tariff with Canada was received first with enthusiasm and was ratified by the Federal Parliament by a vote of 25 to 7, the feeling in business circles now is less buoyant.

The tariff board reported as follows:

"The proposals are admittedly of greater immediate benefit to Canada than to Australia. Raisins and currants are the only lines in which we can expect to do extensive business. The great concession, one which Canada is very anxious to have, is the open market in Australia for newsprint."

### Increase in Wheat Crop

Ottawa.—A telegram received from the International Institute of Agriculture, Rome, states that the production of wheat in Australia is 162,000,000 bushels, compared with 101,200,000 last year, and 101,200,000 the average of the previous five years.

### Money Makes Berlin Grow

Berlin.—Since the retemark was forbidden, Berlin has become a better city in which to live. Such would seem to be the opinion of at least 42,881 Germans who swelled the population of the capital during the first nine months of 1924.

### Saved the Teeth

Edmonton.—Cased safely in a tumbler-shaped cake of ice, a set of false teeth was discovered in the debris of the Syndicate Block by a tenant who was driven out by a night fire which completely demolished his suite in the top floor a few days ago.

## Arrange Anglo-French Debt Conference

London.—An Anglo-French debt conference will meet in February or March, according to an Exchange Telegraph Company message from Paris. If the conference should be held, it would mark Great Britain's acceptance of the United States thesis that the various war debts are subjects to be settled between the creditor and the debtor, and not through round table conferences of all the nations concerned in the war against the central powers.

### Value Of Horticulture

**Makes For Permanency of Farm Life in Western Canada**

Winnipeg.—"Agriculture obstacles to progress in the prairies, is the idea of making a fortune rapidly, and going elsewhere to live," stated Dean W. C. McMillan, Manitoba Agricultural College, at the annual banquet of the Manitoba Horticultural and Forestry Association. "Twenty years' observation leads me to believe that prairie farming is too often successful and short, or unsuccessful and discontinued. The development of horticulture is among the chief means of overcoming this obstacle. Beauty and comfort in home surroundings with home grown foods, attach those responsible for them to the place where these are produced. With better home building, of which horticulture is the very heart, agriculture becomes permanent."

### Canada's Financial Outlook

**President of Bank of Commerce Holds Optimistic View**

Toronto.—"So far as we may look for a gradual, it is slow, improvement and we confidently hope that its coming is not to be much longer deferred," said Sir John Aird, president of the Canadian Bank of Commerce, summing up his opinion of Canada's financial and business outlook for the year at the annual meeting of the shareholders of the bank here.

Sir John called attention to the fact that commercial failures in Canada had decreased, there had been a great harvest and the "maladjustment of the farmers' position" had been largely corrected.

### Will Not Alter Rating

**Railway Commission Decides Classification of Liquor Will Stand**

Winnipeg.—Application for a revision in the classification rating of liquors which was made on behalf of the Manitoba liquor commission before the railway commission last November, has been refused, according to a cables received by the Canadian Pacific Railway at Winnipeg.

The judgment of the board states: "Until conditions warrant a different conclusion, we think the present classification should stand. The application, therefore, is refused."

### No Money to Waste

Toronto.—Declaring that there were many demands on the Federal Government for improvements in various parts of the country, Hon. Dr. J. H. King, minister of public works, told a delegation of city officials, harbor commissioners and city members of parliament that consideration would only be given this year to works of the greatest urgency.

### FREE — A Farm Library

**INDEX BOOK**

**PAMPHLETS**

**INDEX BOOK**

**BETTER DAYS FOR THE FARMER ARE IN SIGHT**

Saskatoon, Sask.—More diversified farming, lower production costs, scrupulous regard for the sanctity of contracts, and respect for constituted authority, were emphasized by President N. B. Williams of Abernethy, at the opening of the annual convention of Saskatchewan Agricultural Societies here, in a speech which ultimately will have to govern the business methods of western farmers.

Mr. Williams, in a temperate review of the situation of agriculture in the province, mentioned the improved financial condition in general, as evidenced by the returns to financial and insurance companies by their debtors. While asserting the ability of Western Canada to experience a financial metamorphosis almost in one crop season, Mr. Williams advocated the adoption gradually of a system of farming which would to some extent make the farmer independent upon the necessities of weather.

As regards the various economic conferences held during the past year, Mr. Williams described one as a sort of controversial merry-go-round, but admitted that the September conference with the government had done much to clear the air.

### Canada Needs Population

**McGill Professor Says Dominion Must Advertise to Meet Disaster**

St. John's, Nfld.—The economic salvation of Canada was to be found only in the influx of men and money into this country as part of a scheme which he described as the economic integration of the British Empire, was a statement made here by Professor Stephen Leacock, of McGill University, Montreal, in an address before the Canadian Club. Saddled with a railway and manufacturing system capable of satisfying the needs of 25,000,000 people, the Dominion had but one course that was to go ahead.

He urged that the Dominion was investing too much in the Shillelagh and in the development of independence and holding at arms length the British capitalists who could put the country on its feet. Economy in the Canadian, provincial and civic affairs was absolutely necessary he declared.

New Lieutenant-Governor

Ottawa.—James Robinson Douglas, Amherst, N.S., is appointed Lieutenant-Governor of Nova Scotia in succession to Hon. MacCallum Grant, who resigned.

The appointment of Mr. Douglas dates from the 21st of this month.

**BEST ATTAINABLE IMAGE FROM DOCUMENT AVAILABLE**

**HOME-BAKED BREAD IS BEST OF ALL**

**The Gold Standard**

U.S. Will Help Keep Pound At Parity

If It Gets There

The United States has promised to help sustain the pound sterling at parity if it returns to the point, according to the statement of the most senior issue Norman, governor of the Bank of England, who obtained the promise of the federal reserve board that if the pound reaches a gold standard, only to be hammered by speculators, the board will help sustain the pound "up to an agreed amount."

**MOST OLD FOLKS REQUIRE A****HEART AND NERVE TONIC**

After middle age little sickness and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are more easily fatigued as they are in the younger days.

Now is the time when all aged people who wish to maintain their health and vigor should take their heart unimpeded should use

**MILBURN'S****HEART AND NERVE PILLS**

Mrs. M. O'Connor, Whitestone, Ont., who has had trouble with the heart, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's Heart & Nerve Pills, which I did, and since found relief, and have never had a really bad spell since. I am 80 years of age and I always keep them in my pocket, and see many years yet. I always recommend them to anyone who is suffering from heart trouble."

For sale at all druggists and dealers.

Baldheaded men would be satisfied if they could even make one gray hair grow where two others grew before.

**Fresh Supplies in Demand**—Wherever Dr. Thomas' Electric Oil has been sold, it has produced instant supplies, have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter what latitude it may be found it is a sure remedy for nervousness. It is put up in most portable shape in bottles and can be carried without fear of breakage.

After a girl goes on the shady side of 35 she drops the affluency business and begins to hustle around for an ordinary bread-winner.

**From School Teacher To Great Eminence**

A young man who was brought up on a farm in Western Pennsylvania studied diligently and qualified as a school teacher. Further pursuing his studies and teaching, he managed to save up enough money to put him through medical college. After graduation he became the author of medicine in the new oil section of Pa., and often rode horse-back thru the woods to visit the sick, who were very seriously ill. He was a student of nature and could easily recognize most of the medicinal plants growing in the woods.

Later he became a druggist, and when he launched his favorite remedies, and in a short time, they were sold by every druggist in the land. Today, the name of this man, Dr. Thomas, is known throughout the world. His Golden Medical Discovery is the best known blood medicine and tonic. More than fifty million bottles of this "Discovery" in liquid or tablets, can be obtained a tiny price of the tablets, and sent to Dr. Minard's Branch Laboratory in Braddock, Ont.

**WORLD HAPPENINGS BRIEFLY TOLD**

Mrs. Miriam A. "Ma" Ferguson, has assumed the duties of state governor of Texas. The inauguration was attended by her husband who was impeached and deposed from the governorship.

Leon Trotsky was the revolution of his day as chairman of the central executive committee of the Communist party, the most powerful political body in Russia.

Reports received at Dawson City from Old Crow mission state that Indians are trapping great numbers of foxes. Meat is reported very plentiful, 500 caribou having been killed so far this winter.

The sermon in Canterbury Cathedral recently was preached by a minister of the Congregational Union, Rev. J. B. J. Carmos, and more than ordinary interest was shown in the service in consequence.

Arguing before the privy council in connection with the appeal of the Manitoba grantees, Mr. Tax said he will start early in March, Hon. W. G. Craig, attorney-general, has announced, Hon. Geoffrey Lawrence, K.C., of London, will act as counsel for Manitoba.

W. E. Raney, attorney-general for Ontario in the Doury Farmer-Labor Government, was chosen by Progressive members of the Ontario Legislature as house leader in succession to Manning Doherty, who declined to continue in the office.

R. S. Ward, one of the directors of the Workmen's Compensation Board of Manitoba, has been appointed acting commissioner pending investigation into the administration of the board's affairs under the late H. G. Wilson.

Milner's Worm Powders not only expel intestinal worms and other intestinal parasites, but they are a remedy for many other ailments of children. They strengthen the young stomach against billiousness and are tonic in their effects. The worm children, suffering from worms, will eat again when Milner's Worm Powders are afforded their little girls. She states: "I must write to you regarding your Dr. Milner's Kidney Pills. I have been giving them to my child. She has been suffering from worms, diarrhea, bilious appetite, and feverish conditions they will be useful and they will serve to allay pain and griping in the stomach, from which children so often suffer.

**Might Solve Traffic Problem**

**Englishman Suggests Light Motor Cars Fitted With Wings**

Sir Charles Wakefield suggests a flying motor car as a solution of the traffic problem.

"Why not?" he asks, "have a light motor car fitted with wings, so that it could take either the road or the air, as the traffic demanded?"

The air-plane consists of a light car, driven by propellers like those of an aeroplane, and light wings which can be folded back on the roof of the car when not in use.

**Drive First Train in China**

William G. Jackson, who drove the first train that was ever run in China, died at Leyden, Southwold, aged 75. Until a few years ago he was engineer of the Southwold Railway.

The Chinese, resenting the introduction of the railroad, at first tore up the lines, and the officials had a very anxious time until the people became accustomed to the presence of the trains.

**The Friend of All Sufferers**—Dr. Thomas' Electric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and removes it from the human system everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever required for.

**Dine On Reindeer Meat**

Reindeer steaks became popular in Chicago recently when 25,000 pounds of reindeer meat arrived here from Alaska.

Minard's Liniment for Sprains and Bruises

**Want No Interference**

New Zealand Magistrate Gives Stiff Sentence to Communists

Sentencing two Communists to three months' imprisonment for selling a book on communism, encouraging violence, and lawlessness, Mr. Poynton, the Auckland, New Zealand, honorary magistrate, said: "We can work out our own destiny without the impudent interference of fanatical, anti-British, bloodthirsty aliens. How British communities will tolerate so long this foul work of noxious reptiles passes understanding."

**"DIAMOND DYE" IT****A BEAUTIFUL COLOR**

Perfect home dyeing and tinting guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waist, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.

Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton, or mixed goods.

**A New Profession**

A bill exalting barbers to the status of a profession, and providing greater safeguards for the public against skin diseases and incompetent barbers, will be introduced at the next session of the Ontario Legislature.

**Her Trouble Started From a Bad Cold**

**Ontario Lady's Little Daughter Suffered from Headaches and was Relieved by Dodd's Kidney Pills**

Dodd's Kidney Pills are a kidney remedy and can be taken by young and old.

Williamstown, Ont. (Special)—We are much gratified from Mrs. L. Stanley, a well-known resident of our place. She writes to us because she feels that it owes it to other mothers who have children suffering from weak kidneys to tell them how well Dodd's Kidney Pills have helped her little girl. She states:

"I must write to you regarding your Dr. Milner's Kidney Pills. I have been giving them to my child. She has been suffering from worms, diarrhea, bilious appetite, and feverish conditions they will be useful and they will serve to allay pain and griping in the stomach, from which children so often suffer.

Dodd's Kidney Pills have become a family remedy because people have found them to be a valuable help. Rheumatism, Lumbago, Lam-Back, Heart Disease, Headaches and Urinary troubles, because all these are Kidney Diseases, or are caused by the kidneys failing to do their work.

 "Producers Sell Their Product!"  
 "GLORY BE"

Things are in a whirl since we built our Hog Pen.

We did not enter the game to put anyone out of business, we are not strong enough financially, just to pick up some of the luscious 40c. margin plums which had been going for the last two years. "But Lo" they have already fallen.

We still have the 2c. on 'lights' and we can carry on by finishing them. As we are now equipped we can handle hogs cheaper than anyone else in Crossfield, so bring in your next load and we will pay you cash as soon as they are weighed, price based on Calgary that day less 25c. per cwt.

We do not demand that you come out in the storm on a special day, we accept any day.

Give us a trial and be convinced.

## Local and General

The regular meeting of the Crossfield and District Board of Trade will be held in the Fire Hall, on Monday evening, February 9th, at 8.30 p.m. Election of Executive and other important business will be transacted. A large attendance is requested. Make this a banner year for Crossfield. Join the Board of Trade and Boost.

The annual Congregational Social of the Crossfield United Church will be held on Tuesday next, February 10th, at 3.30 p.m. Come and show your interest in this work. Reports from various points will be given and also of the different organizations in town, intermingled with musical selections and a social evening.

Don't forget the 'Valentine Tea' under auspices of the Women's Guild, Saturday, February 14th.

Accidentally Killed By Gasoline Engine.

No inquest was necessary to inquire into the death of Ernest Franklin DeWitt, age 18 years, son of Mr. E. D. DeWitt, Crossfield, who was accidentally killed on the afternoon of the 2nd inst., on the farm of Mr. U. Killam, south of here, by having his neck broken and skull fractured. It is surmised that this was caused by his neck being caught on the key of the crankshaft of a gasoline engine which was running a grinder. It was evident that the self-igniting said engine when the accident occurred, as the oil can was found lying beside him, deceased was alone at the time, as Mr. Killam was assisting with other work some distance away. DeWitt was a bright and very energetic young man and had been in charge of this same engine on numerous previous occasions.

He leaves to mourn their loss, his mother and father, a sister and two brothers.

This sad accident has cast a gloom over the entire district and we wish to convey the sympathy of the community to the bereaved in this sad loss.

Funeral arrangements are in the hands of Foster and Foster, of Calgary.

### CROSSFIELD CURLING CLUB

The first schedule is about played through and the following is the standing of the rinks to date:-
